Modern Assistance Program + AICC = Complete Protection

The claim that never occurs not only safeguards your MOD which results in premium savings—it shields your employees' well-being, keeping top talent by your side in an era where finding skilled workers is tougher than ever.

The Facts About Workplace Stress & Injuries

- **57% of workers** experience work-related stress that leads to burnout
- **Average cost:** Mental health claims = **\$65,400** | Other injuries = **\$14,400**
- **Recovery time:** Mental health = **37 weeks** | Other injuries = **7 weeks**

Why Modern Assistance Program Works for AICC Members

The Modern Assistance Program specializes in helping your employees and their families. Unlike generic counseling services, their counselors understand:

- Shift work stress and family impact
- Industrial workplace pressures
- Financial challenges facing working families
- How personal problems affect job safety

Local network of specialists understand your industry and personal needs.

The Results: Why This Saves Money and Lives

- **There is NO COST** for your EAP for AICC Members
- **30% reduction** in mental health-related absences
- **52% of workers** are more productive with mental health support
- Only **5-7% of workers** use their EAP (don't be part of the 95% missing out)
